Subject: Decommissioning of Old Wells - Outer Limits Limited
Attachments: Butt Drilling - Well Seal 30Nov20.pdf, Butt Drilling - Well sealing plan 30Nov20.jpg

Good morning Marlborough District Council

Please find attached notification and location plan from Butt Drilling that we have had two wells decommissioned on our land at the Westwood Business Park.

- The 100mm well on our Western boundary is P28w/4412, this is shown as belonging to "Sandall" on the MDC Wells Smartmap, the previous owner of the land.
- The 150mm well on our Eastern boundary is very old well, and we are unsure of the well number. We suspect it to be P28w/1292, shown as belonging to "Lloyd" on the MDC Smartmap, but not shown in the same location on the map as the actual physical location.

This is part of development work being undertaken under resource consent U190718.1, and although not a conditions of the RC, filling of the wells is noted as Advice Note 7.

Please confirm that you are happy with the documents provided.

Kind regards
Janet

WATER WELL ENGINEERS TO MARLBOROUGH

To Whom it may concern

On the 30th of November 2020 two wells at the Westwood business Park were pumped with a cement/bentonite grout . one a 100mm well and the other a 150mm well . They were left to set then both pipes cut off 1 meter below ground level.

If you require any further details do not hesitate to contact me .

Yours faithfully John Butt
